

Sean Parkinson (Flute & Cobweb) is an environmental worker by day and an artist by night! If Sean could split himself into multiple entities who could simultaneously commit themselves to all of Sean's interests, that would be ideal. Sean's most recent theatrical credits include Orgon (Tartuffe), Silky-Chiffon Leeks (Toilet Wars), and the First Witch (Macbeth). In his spare time, Sean enjoys writing novels, sewing, designing, and performing as his drag persona, Diamond Hymen.
